## Reception For OLG Pastor

At top little Miss Mary Ellen Murphy, daughter of Mr. and Mrs. Pat Murphy presents the Monsignor with a bouquet of flowers. In lower photo Msgr. Hannon, with Arthur Chapman, master of Ceremonies, at his left, is introduced to Mrs. E. M. Brignac, Mr. Brignac and their son, Albert. In rear of picture is Mrs. Marion Beal.

The Rt. Rev. Monsignor James Hannon, J.C.D., who was installed as pastor of Our Lady of the Gulf Parish Friday by the Most Rev. R. O. Gerow and Auxiliary Bishop Joseph Brunini, was honored with a reception Sunday evening at the Parish school cafeteria. Rev. Kevin Reid gave the invocation and Arthur Chapman, master of ceremonies, introduced Mayor John A. Scaife, who gave the welcome address. Mayor Scaife, who pledged cooperation of the city, stated the community was blessed by having Monsignor Hannon as its pastor.

Attorney Joseph Benvenuti, who extended a warm welcome in behalf of the Parishioners, cited the accomplishments of the Parish under the unified efforts of the parishioners and clergymen. Mr. Benvenuti said "If we could have selected a pastor we could not have made a better choice than our Beloved Bishop Gerow made when he appointed Monsignor Hannon pastor of Our Lady of the Gulf."

Monsignor, in his response, said he would not only have a spiritual interest in the city, but also a civic one, and assured Mayor Scaife that he could feel free to call on him at any time.

Mary Ellen Murphy, daughter of Mr. and Mrs. Pat Murphy presented Monsignor with a bouquet of roses.

Following the benediction, a receiving line was formed by Monsignor, Rev. Kevin Reid, Rev. Michael Kelly and Rev. Gerald Cleary.

## Final Decrees Handed Down In Chancery Court

Final decrees were handed down this week by Chancellor William G. Hewes in the following Domestic Relations cases:

John Senica vs. Blazanka Rubin Senica; Bonnie Jean Dickerson vs. Ross Gilbert Dickerson; Charles W. Miller vs. Betty T. Miller; Mahel D. Moody vs. Joe Robert Moody; Charles W. Little vs. Jeannette M. Little; George H. Giveans vs. Mae Smith Giveans;

Ludie Chapman Favre vs. Daniel F. Favre; Marie Antunica Sum-

## COUNT SHOWS EASY WIN FOR COLMER

JACKSON, Miss. — The state Democratic Executive Committee Tuesday declared Reps. Jamie Whitten, John Bell Williams and William M. Colmer party nominees for Congress.

The second primary was set for June 26 when several judgeships will be decided. So far, there are no opponents for the congressional nominees in the general election in November.

Whitten's official margin of victory over Rep. Frank Smith in their heated Second Congressional District race was 34,068 votes to 21,237. A third candidate, Merrill W. Lindsey, a Negro, got 1,318.

Williams' official victory margin over Robert L. T. Smith, Negro, of Jackson in the Third District was 40,631 to 2,853 votes.

Colmer officially had 31,358 votes to 5,097 for V. O. Campbell of Collins, in the Fifth District.

## BEGINNERS SWIMMING CLASS START JUNE 18

Mrs. P. E. Porter Jr., volunteer constant in First Aid and Water Safety, announced beginners swimming classes will start Monday, June 18. The dock will be open from 8:45 a.m. to 11 a.m.

Mrs. Porter reported 172 have registered for the program which is sponsored by the Park and Playground Commission and staffed with Red Cross volunteer workers.

## Application By McCarthy For Federal School Assistance Approved

Superintendent of Education K. G. McCarthy was advised Monday by Congressman William Colmer that his application for federal assistance under impacted area program has been approved with a tentative entitlement of \$3,980 for the fiscal year 1962.

Of this amount \$2,732 has been certified for immediate payment.

## Selective Service News

Col. Claude Sanders, State Director, was principal speaker at the Selective Service meeting in the Candlelight Room at Sun and Sand Restaurant, June 8.

Also on the program was Mrs. Cleo Cochran, auditor from State Headquarters. Regulations and policies of Selective Service were discussed. Mrs. Joseph Zengarling of the local board attended the meeting.

Mrs. Maurice Emile Summers, William R. Hoyer vs. Mrs. Nellie Mae Hoyer; Mrs. Edith W. Bell vs. John Paul Bell; Mildred Chole vs. Alfred Joseph Chole; Albertus Anthony LeBlanc vs. Audrey Joseph LeBlanc; Katrina Break vs. Lee Brock; Maurice B. Bole vs. Bule Bole; John J. Jockey vs. Virginia Celia M. Thompson Vaughn.

Court adjourned at Noon Wednesday until Monday.

## THREE MORE JOIN NASA REAL ESTATE PROJECT OFFICE

Three more employees have joined the Corps of Engineers real estate project office, it was announced by O. B. Moore, project manager this week.

Oliver L. Farr, with his wife and young son, has moved here from Alexandria, Louisiana to join the acquisition section.

Taylor W. McLaurin, Jr. is with the real estate project office on temporary appointment. His home is in Mobile, Alabama.

Harry C. Priddy is with the appraisal section on temporary assignment from the real estate project office in Eufaula, Ala.

Joseph C. Tainter, an attorney with the real estate division in the Mobile District Office of the Corps of Engineers, was in Bay St. Louis this past week where he assisted in performing curative work relative to title conditions on some of the properties in the Mississippi Test Facility area.

## NEW DRIVERS LICENSE PRICES EFFECTIVE JULY FIRST

Sheriff Gerald V. Price Sr., announced this week that the new prices for drivers' licenses will become effective July first.

The new prices are as follows: Operator's license, one year, \$2.50, same for two years, \$5.00.

Commercial driver's license, one year, \$4.50, same for two years, \$9.00, a duplicate license, if necessary will cost \$1.00.

All drivers of automotive vehicles must procure a driver's license, or be subject to fine, by law.

## ANNOUNCE FACULTY CHANGES FOR OLG AND ST. JOSEPH'S

Mother Claude, St. Joseph Academy Superior, has announced changes on the faculty of St. Joseph's and Our Lady of the Gulf for the 1962-63 session.

Former faculty members transferred to other schools are Sister Mary Peter, who will receive her master's degree at Notre Dame this summer, assigned to do special work at Louisiana State University in connection with the Newman Club. She will live at St. Joseph's Academy in Baton Rouge. Sister Mary Alfred will be at Sacred Heart, Baton Rouge; Sister Mary Sidney, St. Mary's Parochial School, New Roads; and Sister Ann Michelle, St. Rita's, Harahan.

Coming to St. Joseph's and Our Lady of the Gulf will be Sister Albina, Sister Joseph Marie, Sister Fidelis, Sister Leone, Sister Ann Bridget, Sister Patricia and Sister Saint Ann.

## PRESIDENT KENNEDY LAUDS SELECTIVE SERVICE OFFICIALS

Local Board No. 24, Selective Service System is in receipt of the following memorandum from Col. C. S. Sanders Jr., State Director pertaining to President John S. Kennedy's talk before Selective Service Officials in Washington.

President Kennedy lauded the Nation's Selective Service officials today for "an extraordinary record" of fairness in conducting the draft.

He told State Directors of the Selective Service System that complaints about going, but there have been very few times when anyone has ever suggested that the boards were not attempting to do the job in the fairest possible way.

Kennedy greeted the State Draft Officials, accompanied by Lt. Gen. Lewis B. Hershey, National Director, on The White House lawn.

"When you take a man from his family and send him into hazard, and possibly extreme hazard, this places a great responsibility upon you," Kennedy said. "I want to thank all of you, and also especially thank those who for so many years and quite anonymously, have served on these boards in their communities."

The President said draft board members worked under tremendous pressures in performing "a very important citizen function."

But he said he "cannot think of any branch of our Government in the last two decades where there have been so few complaints about inequity."

The President said he could not imagine anything more destructive to the common welfare than for draft boards to lose the confidence of Governors and the people of their States in the equity of the System.

But he said the Selective Service had maintained such confidence while registering some 78 million Americans in the last 20 years, of whom some 13 million have been called into service.

## Seek Extradition Of Two Suspects In Recent Robbery

### MISS BAY ST. LOUIS CONTESTANTS REHEARSE

WHO WILL IT BE? come Saturday night, when these eight young ladies vie for the crown of Miss Bay St. Louis. From left, they are: Pennie Sue Wehre, Elaine Zielke, Martha Allison, Mildred Usher, seated, Anne Morreale, Bernadette Lind, Lana Taylor and Dominica Morreale.

Contestants in the Miss Bay St. Louis pageant sponsored by the local Jaycees and Jayettes are shown at rehearsal Saturday night at Bay High Auditorium.

The group will rehearse tonight with a dress rehearsal Friday in preparation for the big event to be staged Saturday night.

Vieng for the title are Elaine Zielke, Martha Allison, Pennie Sue Wehre, Lana Taylor, Millie Usher, Ann Morreale, Dominica Morreale and Bernadette Lind.

## HANCOCK FARM BUREAU DIRECTORS HOLD MEETING

A meeting of the Hancock County Farm Bureau directors was held at 8 p.m. Tuesday at North Central School with Lewis J. Breaux, chairman, presiding.

The county chapter noted that if each person who drinks milk would use two swallows more each day, and four pounds of butter and cheese each year, there would be no surplus milk to market.

Larry Koenenn, newly appointed Hancock County Farm Bureau insurance agent, discussed membership insurance program and ways of improvement for better service.

Marcus Peterson, Farm Bureau District Supervisor, discussed the National Farm bill now before the U. S. Senate and U. S. Congress. Mr. Peterson asked that all members contact their U. S. representatives to help suppress the bill.

It was cited that this farm bill is not in the best interest of farmers. Mississippi Farm Bureau president, Boswell Stephens, is being requested to meet with the local chapter in working out solutions to problems encountered in the membership insurance program, sale of and leasing of land to NASA testing people.

The Hancock County Farm Bureau went on record to support the local people within the test site and fee area of this project in dealing with the U. S. Government.

Members attending were Paul E. Bounds, Johnson Shaw, C. P. Slay, Paul Harel, Larry Koenenn, Melvin Hebert, Louis J. Breaux, D. M. Martin, Irl Duckworth, Hugh Sanford and John Smith.

## Beta Rho Chapter Met

Beta Rho Chapter of Beta Sigma Phi met at 7:30 p.m. Thursday, June 14, at the home of Mrs. Joe Church on Ulman Ave.

## Sister Mary Edward Receives Certificate

Sister Mary Edward, right, principal of Our Lady of the Gulf School, received a diploma at the completion of the individualized mathematics workshop held at Our Lady of the Gulf School May 28 through June 6.

Sister Albertina, left, director of the workshop, from St. Mary's in Jackson, made the presentation. There were 45 teachers from

Chief Deputy Gerald Price said today extradition proceedings for the return to Hancock County of two suspects in the Beach Economy Drug Store robbery are underway.

Deputy Price and special investigators Ford O'Neal and D.B. Crockett of the Mississippi Highway Patrol returned Friday from Memphis where they interrogated the two suspects.

The two were identified by Price as Mrs. Charlotte Gan, 37, formerly of Texas, and George Crawford Kerr Jr., 38, of New Orleans.

The two were arrested, Price reported, June 2 by Memphis police while allegedly attempting to cash a \$100 Western Union money order at a Memphis store. The money order serial number, Price added, corresponded with the number of a blank money order form taken from the local Western Union office burglary. Other Western Union order blanks were found in their possession, Price stated.

Federal Bureau of Investigation agents in Memphis arraigned Mrs. Gan and Kerr before a federal commissioner there on a charge of interstate transportation of stolen Western Union money orders, with bond set at \$2,500 for Mrs. Gan and \$5,000 for Kerr, Price continued.

The two are being held in Memphis jail awaiting return to Bay St. Louis, Price said.

Beach Economy Drugs, Inc., was broken into the night of May 16 and narcotics valued at over \$1,000 were reported stolen. A 300 pound safe in the Western Union office in the building, which contained \$75 in cash and a quantity of money order forms was also taken.

## BAY ST. LOUIS BOY ONE OF 62 WHO RECEIVED MD DEGREES

Peter Botsford Henderson of Bay St. Louis is one of 62 candidates who received their M. D. degrees in the University Medical Center sixth annual commencement in Jackson on Sunday, June 10.

Chancellor J. D. Williams conferred degrees. Also participating in the ceremony were 13 young nurses who got their B. S. degrees and five graduate students who received advanced degrees in the health sciences.

Making it a memorable occasion for graduates and their families, they were invited to an alumni-sponsored breakfast the morning of graduation day and to the Chancellor's reception that afternoon in the Medical Center. The baccalaureate service was at Daniel Memorial Baptist Church.

Henderson is the son of Mrs. W. P. Henderson of 3815 Cumming St., Omaha, Neb., and is a graduate of the University of Southern Mississippi where he got his B. S. degree in 1958.

In medical school, he joined Alpha Kappa Kappa fraternity. He was chosen for Alpha Omega Alpha, honor medical society, and Phi Kappa Phi, scholastic honor society. In his junior year he was elected president of his class and this year served the seniors as treasurer.

The young physician will intern next year at University Hospital and Hillman Clinic in Birmingham, Ala.

## OLG FAIR JUNE 23 AND 24

The annual fair sponsored by Our Lady of the Gulf Catholic Church will be held June 23 and 24 beginning at 5 p.m. each day on Our Lady of the Gulf School grounds.

In addition to cake, candy and other booths, there will be grab bags, refreshments and entertainment for young and old.

Andy Becker is general chairman of the event.

## TICKETS ON SALE

Tickets are now on sale for the chicken dinner at Our Lady of the Gulf School cafeteria Sunday, June 17. Dinners will be served beginning at 11 a.m.

Mrs. Jane Morreale can be contacted for tickets. Mrs. Frank B. Paul, general chairman, stated.

the boating and fishing at hand, citizens generally agreed to observe the "rules of the road" as cautiously as the increasing water traffic Mississippi streams.

President Louis Wise of the Mississippi Safety Council, which is concerned with safety in all water recreation, said "a safer and more enjoyable recreation will follow if the rules of the water are observed."

One of the prime requisites to

and twenty-five cents for each additional boat owned by the registrant.

Registration is handled by the sheriff of the county where the boat is usually moored, docked, housed or garaged. All rental boat owners must apply directly to the Boating Safety Committee in Jackson.

Visitors from other states may use their boats on waters of Mississippi without a Mississippi registration number provided the craft are numbered according to federal law or a federally approved numbering system of another state. If the visitor's home state does not require registration of his craft, then a Mississippi registration is necessary if it is to be used in Mississippi waters.

There is no special provision for identification or operation of boat trailers, except rules of the Motor Vehicle Commission relative to the licensing and operation of them on the highways. The fee is \$3.00.

In case of a boating accident involving a collision, accident or other casualty, a report must be made to the sheriff if the incident

results in death to any person, injury causing any person to remain incapacitated for 72 hours or more, or property damage in excess of \$100.

A "boating accident" includes, but is not limited to, capsizing, collision, foundering, flooding, fire, explosion and the disappearance of a vessel other than by theft.

President Wise emphasized that "it shall be the duty of the operator of any vessel involved in a boating accident to remain at the scene of such accident until he has rendered all necessary aid and assistance."

Relative to water skiing, the "rules of the water" require that there shall be two persons in a boat which is "towing" a water skier, one to operate the boat and the other to observe the progress and safety of the skier. The observer must be 10' or more years of age. Water skiing is prohibited from one hour after sunset to one hour after sunrise.

Another provision is that no vessel shall be operated within 100 feet of the shore, a dock, pier, raft float, or anchored boat at a

speed exceeding 5 miles per hour.

**Aid To The Fisherman**

Because of the increasing popularity of fishing as a sport, there is now the problem of replenishing and expanding the fish population. One method is to create man-made "lakes" and ponds, and these are being added to the countryside each year. Another way is to improve living conditions for the fish in existing waters. As in agriculture, new chemicals are being utilized. Herbicides can control undesirable vegetation allowing needed food plants to survive. Pesticides help curb such fish enemies as lampreys, leeches, and parasite-carrying snails.

**Installed Head Of OLG CYO**

Melva Luke was installed president of Our Lady of the Gulf Catholic Youth Organization at a recent meeting. Others taking office were Ray Kidd, vice president; Jo Mary Artigues, secretary and Jimmy Rutherford, treasurer.

## LETTERS

Following is a letter from one of the girls attending Girls' State in Jackson, to Mrs. Guy Hufkin, one of several who arranged the trip. The letter follows:

June 11, 1962

Dear Mrs. Hufkin:

Well, we arrived in one piece, Friday about noon. When we first got off the bus, girls from the central of the state had already started campaigning. It seemed like a hopeless case for the Coast girls, but when the votes were counted, Patti Henry from Gulfport, had received the Federalist nomination for Governor of Girls' State.

When each girl registered she was assigned to a city, a county, and a political party—Federalists or Nationalists. I was assigned to the City of Henry in Johnson County and Federalists Party.

Each evening we've had an outstanding Mississippian speak to us on current topics. The talks were inspiring. Doctor McCaine bought out several points on communism and Mrs. Mary Caine

shared an opinion on the United Nations.

I never realized before how little I knew about our government and I am learning more and more every day.

I like to thank the American Legion Auxiliary for sending me to Girls' State. It is such a wonderful opportunity and it is something I will never forget.

Sincerely,  
Christy Torgerson

Mrs. Gloria Hufkin  
Orlando spent the summer with her mother, Mrs. Guy Hufkin.

Sunday Masses 6 A. M., 8:30 A. M. and 6 P. M.

Week days Mass 6:30 A. M.

Wednesdays Mass: 6:30 and 8 A. M.

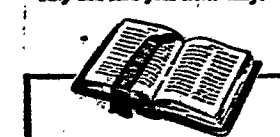

In a moment, the organist will strike a chord. There will be a sudden hush in the church, then the strains of the wedding march will peal forth and she will take her father's arm and start up the aisle, her measured steps symbolic of the very real hesitation she will be feeling.

She would not be human if she did not hesitate. These steps she is about to take are the most important steps of her life. She is poised on the threshold of another existence in which the pronoun she uses will be "We" and not "I." Soon she will learn to think of another before she thinks of herself. Presently, she will come to know fully the meaning of the word "share."

As she moves forward, she falters for just a second. Then her step becomes sure, her lips curve in a smile. The church through which she walks is dear and beloved to her—and so is the man who stands waiting for her beside the altar. Her marriage, blessed by faith, is beginning where all marriages should begin—in the Church.

### THE CHURCH FOR ALL

All for the Church  
The Church is the greatest factor in each for the building of character and good citizenship. It is a schoolhouse of spiritual values. Without a strong Church, without its ministry and discipline, no nation can survive. There are four main reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

**RURAL HOUSING  
LOAN PROGRAM  
LOSSES LOW**

County Supervisor, Max H. Stone of the U. S. Department of Agriculture's Farmers Home Administration said today that during the 12-year operation of the rural housing loan program, nationwide losses on principal have amounted to only two one-hundredths of 1 percent. The statement was based on the status of all loans obligated up to last December 31.

In Mississippi, more than \$24,000,000 has been advanced in rural housing loans, Mr. Stone said, and principal and interest payments totaled about \$3,900,000. Of the \$24,000,000 in loans, 34¢ one penny has been written off as uncollectible. Already since July of 1951, Hancock County has processed or have in process rural housing loans for more than \$100,000.00 Farmers Home Administration also make Soil and Water loans, Farm Ownership loans and Farm Operating loans.

Almost a fifth of all loans in Mississippi have been repaid in full. Payments of principal and interest on the 3,588 loans outstanding total over \$5,140,000 or 105 percent of the amount that has become due.

Secretary of Agriculture Orville L. Freeman says that the rural housing loan program repayment record is a remarkable tribute to the financial integrity of rural families, and their ability to manage their financial affairs. Since loans under this program are made only to those who cannot obtain financing from conventional sources, the approximately 4,300 families who obtained these loans in Mississippi have had to be extra diligent in meeting their repayment obligations.

The repayment record on rural housing loan borrowers also is a tribute to the judgment of the 228 county committees in Mississippi of the Farmers Home Administration who assist in evaluation soundness of the loans.

The rural housing loan program provides benefits throughout the entire rural-based small town economy, Secretary Freeman says. Contractors, small businessmen supplying contractors, and building trades workers all benefit through the increased business. Their stepped-up activity in turn stimulates the entire rural economy. The millions in housing loans the Farmers Home Administration will make available this year are the equivalent of many new industries in terms of more jobs and greater purchasing power.

**Mrs. Haas Participates  
On Panel**

Mrs. Gladys Haas, Hancock County Welfare Agent, participated on one of the panels at the Clerical Conference of the State Department of Public Welfare at the Buena Vista Hotel, Biloxi, Thursday.

Mrs. Haas discussed "the Golden Master Keys," telling the importance of stenographers in the office and the part they play in operation of the welfare program.

Also attending the conference were Mrs. Edith Chevis and Mrs. Mat Rhodes, of the local office.

**4-H GIRLS TALENTED  
MAKERS OF CLOTHING**

Some of the smartest looking attire worn by teenage girls throughout Mississippi and the nation is made personally with needles and sewing machines as part of the 4-H Club's clothing project. Enrollment in this project proves that interest in home sewing is on the increase. Pride of accomplishment is a big accomplishment, too. Hats off to enterprising Mississippi girls taking part in the clothing project, one of the many beneficial and worthwhile phases of the 4-H Club program.

**Accident Prevention  
Activities**

The State Board of Health has been awarded an Auto Safety Honor Award in recognition of outstanding accident prevention activities in 1961. Today, over 80 per cent of the state's public health workers who use automobiles in their work have installed seat belts. The State Board of Health's Seat Belt Campaign has not only made driving safer for the workers, but has served as an example to other agencies and the general public in the use of this accident prevention device.

**THE OIL INDUSTRY**

Since the discovery of oil in Yazoo County in 1839, Mississippi's oil industry has grown from a small operation to one of the largest in the state, a multi-million dollar asset enriching the economy in many ways. The petroleum industry is an industrial giant, but it is made of small parts of skilled people doing important work to better serve mankind. The geologists, the drilling crews, the refinery engineers, the marketing specialists, the research scientists, the service station operators and others all work together to make modern living fuller, more comfortable, richer and more secure. Mississippi's oil industry will have an important role in economic progress.

**MISSISSIPPI AGRICULTURAL  
TO GOOD CORN  
PRODUCTION**

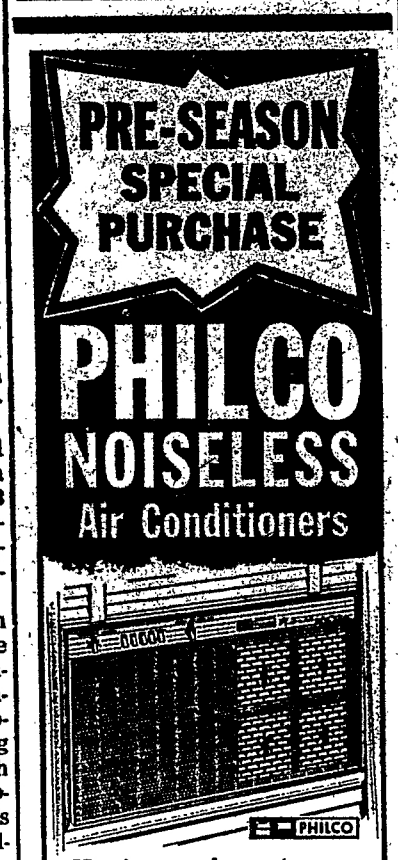

STATE COLLEGE, Miss.—Nitrogen can spell the difference between high and low yields on corn, says Bill McKie, assistant agronomist of the Agricultural Extension Service.

Corn should have at least 120 pounds of actual nitrogen to the acre.

"Apply the needed amount of nitrogen as a side dressing to bring the total to 120 pounds per acre," he advises. "The side dressing of nitrogen should be made when the corn is knee-high. Place the nitrogen deeply so that corn root will go deeper to get the plant food."

"This serves two purposes," he pointed out. "It forces the corn roots to go deeper, making it more drought resistant, and at the same time places the nitrogen deep enough so that it is out of reach of grass roots."

Mr. McKie added that corn uses most of its nitrogen from just before tasselling through silking. If ample nitrogen is not available at this time, yields will be reduced.

Here's your chance to save on the world's quietest high capacity air conditioners. Special terms arranged, too.

**Delish To Head  
Hancock Membership  
Drive MRMA**

The "Voice of Retailing," the Mississippi Retail Merchants Association, has appointed O. W. Delish to head the annual membership drive in this county June 14 through 30 for the association.

The local chairman was named by Bill Featherstone of Greenville, state membership chairman. Featherstone headed the drive last year when the six-year-old organization increased its numerical strength over 25 percent.

Improved service to the buying public is of interest to the association, which speaks for the state's foremost industry. MRMA sponsors clinics, conventions, meetings, and provides a steady flow of informative communications to teach better merchandising methods to better serve the consumer.

MRMA sponsors laws that are in the public interest as well as for retailers. For example, in the legislative session just completed, MRMA supported bills prohibiting false and misleading advertising designed to protect the consumers, and retail merchants generally. Other legislation was proposed that would have been detrimental and costly to consumers.

By uniting efforts, Featherstone points out, retailers can better "keep abreast of the fast-moving American economy." And that, he warns, is absolutely essential to a successful retail operation.

The membership drive will be conducted entirely on a voluntary basis. Leading merchants in this community will coordinate their efforts in calling on their fellow businessmen to unite the industry for improved service to all the buying public and the retail industry in Mississippi.

**4-Hers To Receive  
Further Training At  
Jr. Leadership Conference**

STATE COLLEGE, Miss.—More than 300 boys and girls who have proven themselves as leaders will receive further training here June 18-22 at the annual State 4-H Junior Leadership Conference, according to C. I. Smith, state 4-H Club leader of the Agricultural Extension Service.

Eligible to attend the event, sponsored by United Gas, are two boys, two girls and an Extension Service agent from each of Mississippi's 82 counties.

Delegates will participate in discussion groups of the role of the junior 4-H leader in conducting a meeting in Rural Areas Development, in the County 4-H Council and in out-of-school 4-H Clubs. Discussion leaders will be 4-H members who are officers of the State 4-H Council. Other discussion subjects will be career opportunities and 4-H record-keeping.

The 4-Hers will lead in conducting most other parts of the meeting, including several general assembly sessions.

Assembly speakers will be Dr. D. W. Colvard, president, Mississippi State University; Dr. W. L. Giles, vice-president of agriculture and forestry of MSU; Dr. Ben F. Hilburn, president emeritus of MSU; Eugene Gifford, attorney and member of the Legislature from Prentiss County, who was a state leadership winner in 4-H; Mrs. Jewell Fessenden of Pickens, a former state and federal Extension Service specialist; and Guy E. Middleton of United Gas, Jackson, and Lloyd Rutledge of the Federal Extension Service, Washington, D. C.

Reports will also be heard from the 4-H National Conference and International Farm Youth Exchange delegates.

The meeting will include other fellowship and recreational features.

**MEC ADJUSTS  
POLICY OPPOSING  
TRADE PROPOSAL**

A policy opposing a proposed in Congress to allow the Federal Trade Commission to issue temporary cease and desist orders to business without court review has been adopted by the board of directors of the Mississippi Economic Council, Vaughtan Watkins, Jackson, attorney and organization president, reported today.

Mr. Watkins said the policy recommendation came from the MEC's governmental affairs committee, headed by Oliver Hornsby of Natchez. The committee considered the question at its May meeting, and termed the proposal by the FTC as an encroachment upon individual and business rights.

The full policy statement on the issue follows:

"Protection of all persons against arbitrary deprivation of their rights is of a paramount consideration in the framing of law and delegating authority to administrative agencies. Legislation granting powers to any administrative agency should be so framed as to guarantee to any person affected by its action the widest possible court review.

"The courts should not be foreclosed from invalidating an order not supported by the entire record. Anti-trust laws should never be used as instrumentalities for extending forms of government regulations of business for the harassment of business.

"Opposition is specifically expressed to HR 8830 and similar proposals which would permit the Federal Trade Commission to issue temporary cease and desist orders without full and complete court review of the facts."

**Business Indicators  
Advance**

JACKSON, Miss.—Business indicators advanced in May, according to the Federal Reserve Bank of Atlanta, which reported that the factory production index for May was 125.3, up from 124.8 in April.

"Last economic indicators are advancing and new highs have been reached in the indexes of production, employment and personal income," Roberts said.

Noting that consumers appear confident and that consumer spending is increasing, Roberts said "with favorable business conditions and sustained consumer confidence, the members of our Mississippi Automobile Dealers Association believe that 1962 will be a banner year, which is in line with our predictions at the beginning of 1962."

"The market for good, clean used cars is strong, and this makes it possible for our dealers to make better-than-average trade-in allow-

## Neighborhood Girl Scouts Meet

Members of the Bay St. Louis Neighborhood Girl Scouts will meet at Our Lady of the Gulf Church at 8:30 a.m. Monday, where they will board a bus for Camp Kittiwake. All girls and adults accompanying the group attending are required to bring their health certificates. Accompanying the group to Day Camp will be Mesdames W. R. Pitcairn Jr., J. W. Clark, A. H. Ruhr and Misses Barbara Allen and Sue Breath.

Debbie Eagan celebrated her eighth birthday Monday with a beach party in front of her home on North Beach.

## Personals

Mr. and Mrs. Merle Tennant and sons Doug and Ricky, who have been visiting with her parents, Mr. and Mrs. Lloyd Ladner, returned to their home in Miami, Texas, on Monday. Father Richard Lang, who accompanied them here, remained for a longer visit.

Mr. and Mrs. T. T. Rohm have as their guests this week their nephew McArn Corbin of New Orleans.

Mrs. John Piazza and children have returned to their home in Biloxi after a visit with her parents, Mr. and Mrs. A. G. Dantagann.

Mr. and Mrs. Lucien Gex Jr. and children Beau and Leslie of New Orleans spent the weekend with his parents, Mr. and Mrs. Gex Sr.

Mr. and Mrs. Paul Miller are back home from Biloxi, Miss., where they attended the graduation of their daughter, Celia Kay, from Biloxi College. Miss Miller, who graduated cum laude with departmental honors in chemistry, will enter the University of Chicago in September to do graduate work in physical organic chemistry on a teaching assistantship.

Mrs. N. M. Dick is back home from Sparta, Tenn., where she visited with her son-in-law and daughter, Mr. and Mrs. Tom Crosslin, and children Tommy and Karen and the newest addition to the family, Jim, who arrived May 24.

R. S. Blaize Sr. and daughters, Miss Rosemary Blaize and Mrs. Leonie Monti, spent Tuesday in New Orleans to be with the former's son, Ralph Jr., of Algiers, who underwent major surgery at Baptist Hospital. Mrs. Monti remained for a longer visit.

Mr. and Mrs. Howard Amann of New Orleans, Mrs. Benigno's mother, Mrs. Julian Chouest of Golden Meadow, La., who has been visiting here for several days, returned home Tuesday.

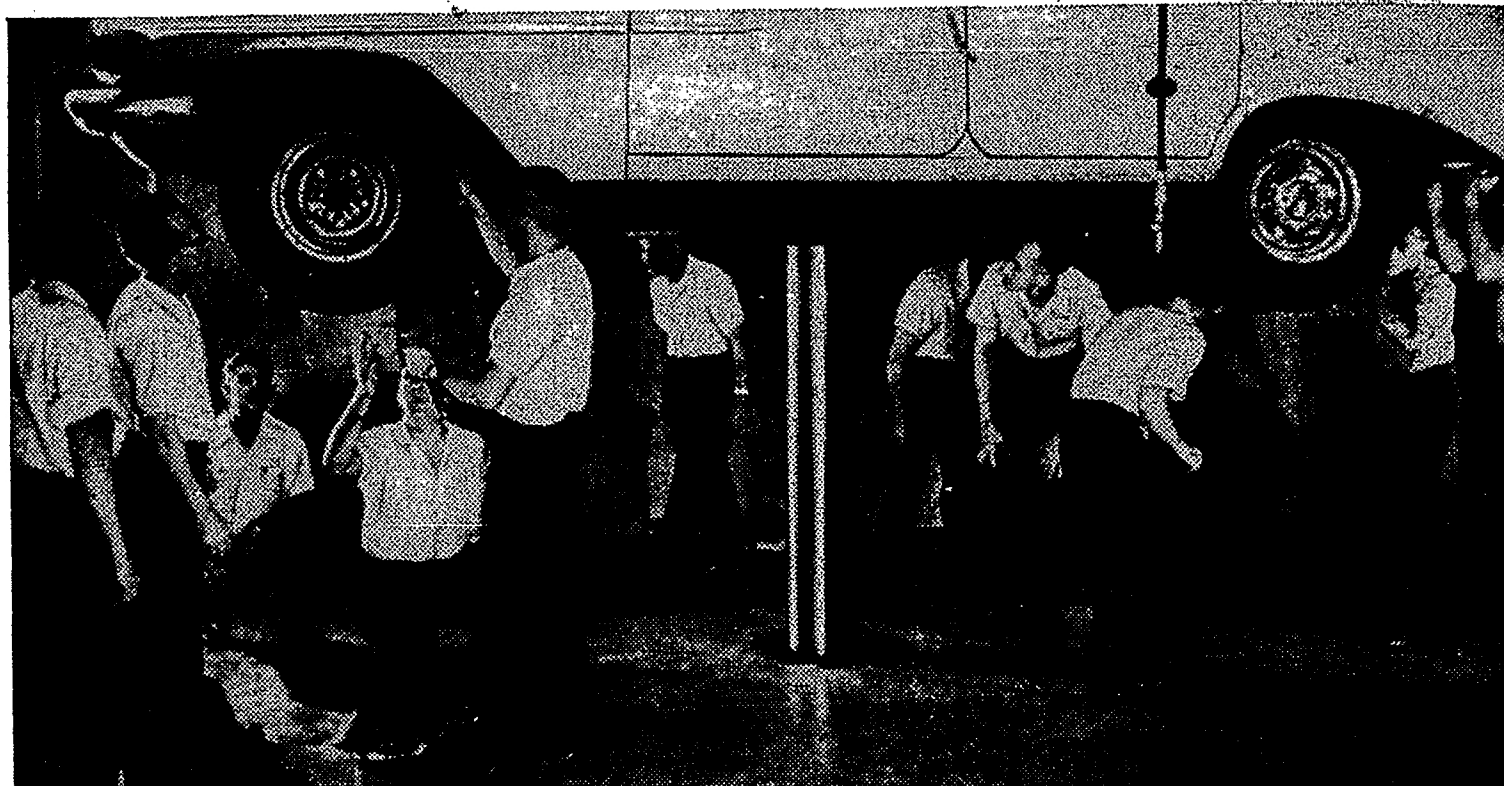

Weekend guests of Mr. and Mrs. R. L. Gray and children of 2038 Carroll Avenue were his parents, Mr. and Mrs. W. A. Gray of St. Augustine, Florida and his brother-in-law and sister, Mr. and Mrs. Roland Powell of Lacombe. Miss Amy Gray went home with her grandparents to spend several weeks.

Mr. and Mrs. Irwin L. Bontemps had as their guests last week her brother-in-law and sister, Mr. and Mrs. Jack Stewart and children, Cynthia and Johnny of Bogota, Columbia.

Instructor Billy Reynolds (turning front wheel) and Shell dealers check out a car at one of Shell's 123 training centers.

## Shell instructor Billy Reynolds offers 10 clues that may help you spot trouble before it starts

Billy Reynolds

OVER 12,000 Shell dealers go to Shell training centers every year. There, they learn how to spot trouble quickly.

Here are 10 trouble signals that Billy Reynolds, one of Shell's chief instructors, always stresses. If you notice any of them in your car, tell your Shell dealer. His advice might head off a big repair bill later on.

- 1. Mushy brakes.** When your car is standing still, push the brake pedal down with a firm, steady pressure. If it feels soft and sinks to the floor, you've got trouble that should be fixed right away.
- 2. Wandering wheels.** If your front tires show more wear on one side of the tread than the other, your wheel alignment is probably at fault. Out-of-line wheels can increase tire wear up to 50 percent.
- 3. Jiggy front end.** Shove down hard on either bumper with your foot. If the car bobs up and down for a long time before coming to a rest, ask your Shell dealer to check your shock absorbers.
- 4. Decrepit tail pipe.** If your muffler or tail pipe is rusted through in spots, it's a good idea to replace it.
- 5. "Bloated" radiator hoses.** Inspect all

of the rubber hoses that interconnect your cooling system. If they're cracked or swollen, they can fail at any time and cause your engine to overheat.

**6. Marred windshield.** If your windshield is scarred or streaked, it's probably due to faulty windshield wipers. Have your Shell dealer check and replace them if necessary.

**7. Strange noises.** Listen for any odd noises from your car. They can be warnings of trouble on the way.

**8. Under-the-hood clues.** You can learn a lot by looking at your engine. Watch for oil, fuel and water leaks. Also, loose wires and worn insulation.

**9. Sluggish battery.** If your engine turns over more slowly than usual when you start up, a weak battery is probably the trouble. But it could be something else. Better check it.

**10. Oil-streaked sidewalls.** Check the sides of your tires you seldom see—the sides facing in. Look for signs of leaking fluid on the tire walls. Could be a leaking brake cylinder, or faulty oil seals on the rear wheels. Both can be serious.

Any trained Shell dealer knows many trouble signals besides these. Take advantage of his training. And one last tip: when you've got your car in top condition,

keep it filled with today's Super Shell—for top performance all year long.

**Super Shell's 9 ingredients for top performance**

- TCP**—for power, mileage and longer plug life.
- Pentane mix**—for fast warm-ups.
- Anti-knock mix**—for resistance to knocks.
- Alkylate**—to help control "high-speed" knock.
- Butane**—for quick starts.
- Cat-cracked gasoline**—for power.
- Anti-icer**—added in cold weather to help check carburetor icing stalls.
- Gum preventive**—to help keep carburetors clean inside.
- Platformate**—for extra mileage.

## COUNTY AGENT'S NOTES

**FERTILIZATION**  
Swain and Miller—These temporary summer grasses need phosphate and potash as well as nitrogen, except in the Delta. The recommendation is 100 to 200 pounds of phosphate and 50 to 100 pounds of potash per acre. Apply after crop is grazed down and time apply 40 pounds of phosphate.

**Antibiotics** are faster and easier way of stopping an infection once it has started. But antibiotics are not a means of prevention and good management can do that.

**SOCIAL SECURITY**  
From now until June 30 is "Open House Time" at your Social Security office. The reason is the State Social Security workers who have been assigned to serve you and your family are here to help you.

away. But the deadline for entering calves is nearby . . . June 20. The show and sale will be advertised throughout the summer in midwestern farm magazines. It is attracting favorable publicity in national livestock papers and magazines.

Local county agents have detailed information on the event.

**MASTITIS**  
If you plan to keep cows in the dairy herd after their fifth lactation, you had better make a real effort to control mastitis.

Improperly sanitized milking machines; improper uses of milking machines; is the leading cause of bruising teats and introducing udder infections.

The tests for an antiseptic solution immediately after removing the milking machine. Make sure stalls are large enough and that you provide enough bedding to minimize teat and udder injuries.

The dairy industry of the United States is a ten billion dollar industry, the largest single agricultural industry. The American Dairy Association is spearheading the promotion on a national basis. Forty-nine of the states and many counties and communities will actively support the event which promises to be the year's greatest and most extensive promotion for dairy products. Approximately 65 counties in Mississippi have already made plans for outstanding promotional activities.

**DAIRY PROMOTION CHAIRMAN**  
James Rester, prominent community and civic leader of Pica-yune, will direct June Dairy Month activities in Hancock County this year. This annual nationwide event seeks to increase the sales and consumption of milk and other dairy foods.

The dairy industry of the United States is a ten billion dollar industry, the largest single agricultural industry. The American Dairy Association is spearheading the promotion on a national basis. Forty-nine of the states and many counties and communities will actively support the event which promises to be the year's greatest and most extensive promotion for dairy products. Approximately 65 counties in Mississippi have already made plans for outstanding promotional activities.

The nation's 17 million dairy cows are producing 125.5 billion pounds of milk annually. This is enough milk to supply each of the 185 million Americans with about 680 pounds per year. We are now consuming approximately 540 pounds per person. This 40 pounds per capita surplus can and should be consumed.

The State June Dairy Month celebration is as follows: State Chairman, H. B. Duckworth, Biloxi; Secretary, E. D. Martin, Biloxi; Vice Chairman, W. D. Martin, Biloxi; Women's Activities, Mrs. Gordon White, Biloxi; Dairy Month Activities, Mrs. Gladys Martin, Biloxi; and Contest Judge, H. B. Duckworth, Biloxi.

This yellowing is due to iron treated garments bleached. Many washes on cotton should not be bleached. It is important that you follow manufacturer's directions on the package to get the best results.

# HOME AGENT'S NOTES

You can brighten your nylon easily and quickly with one of the following suggestions:

Mix two tablespoons of chloride bleach and one teaspoon of vinegar thoroughly in one gallon of warm water. Then place the pre-washed nylon in this solution for 15 to 30 minutes; remove and rinse. In some cases it may be necessary to repeat this to remove all the grayness from the nylon.

Another method may be used by mixing one cup of calgonite (a dishwasher detergent) in one gallon of warm water. Place your pre-washed nylon in this solution and let them soak over night. Flush with cold water to remove the calgonite solution and then wash through a regular wash cycle.

It may be necessary to place small wooden objects on top of the nylons so they will stay completely submerged in the solution. Caution should be used in handling this solution, as it may cause minor burns to the skin and will react with a number of different kinds of metals if placed in the solution. Although this is a very strong detergent it is perfectly safe for use on the nylon.

A number of color restorers are on the market for removing yellowish colors from various materials with a good wash (wash and wear fabrics).

This following is usually used to make faded synthetic items blacken. Many said and wash clothes should not be bleached. It is suggested that you follow the instructions. Directions on the package to get the best results.

## Beautiful New Ceiling

### **Armstrong** **CLASSIC CUSHIONTONE**

Never before a perforated acoustical ceiling so perfect for any room in your home! Yet Classic Cushiontone costs no more than ordinary perforated ceiling tiles. It costs only \$27.72 for an average 10' x 12' room, and you can easily install it yourself.

Best of all, Classic Cushiontone is easy to live with. Wearable and repaintable, it requires no more care than an ordinary ceiling. It's more permanent than plaster, too, because it won't crack, chip, or peel. Other Armstrong ceilings start as low as 60¢ per sq. ft.
